

Emeryville Center of Community Life

Staff Update & Workshop:

Space Program & Utilization
Schedule Modeling

Introduction

- The full plan and vision of the ECCL remains intact
- Nexus is currently working on a new Phase 1 for the Conceptual Design
- Phase I will be designed to accomplish the co-location of existing k-12 student population along with City of Emeryville community services and other partnerships envisioned for the ECCL
- Phase I will be designed to align with current with the funding stream
- Phase II grows the vision to accommodate anticipated student population growth (1 100 -1200)

Agenda for Today

Space Program & Utilization Update

- Review full build-out program and space utilization assumptions (School Board presentation summary)
- Review of currently proposed space program & utilization for Phase I
 - Key Findings / Observations
 - Recommendations

Specific Requests from Staff

Space Program & Utilization:

- We need your feedback on our assumptions and recommendations for space program & utilization
- We need your input because as we continue to shape Phase 1 for the Community Workshop on Saturday we want to make sure staff's expertise are incorporated into the conceptual design ideas we share
- We will continue to ask for your input

Utilization Schedule Modeling Discussion

- Space Utilization Modeling Process Overview
- Space Program and Utilization
- Project Implementation Phasing
- Initial Phase Space Program and Utilization
- Discussion

Direction to Staff from City/Schools

- City/Schools Directive (**December 2009**)

“In the next phase of the design work, refine the scope of the project to achieve ... a total project cost that is lower than the Conceptual Plan estimate of \$125 million.”

- Additional Direction

Create a highly utilized set of facilities that accommodate our program activities.

Overview of Space Utilization Work

- Strategic Guidance
 - Staff (School, Community Services, Wellness)
 - Understand overlaps and alignment
 - Implications on space program
- Planning workshops
 - Staff and Nexus
 - Ensure highly utilized, efficient spaces
 - Achieve “tipping point” density
- Provide direction to drive conceptual design process

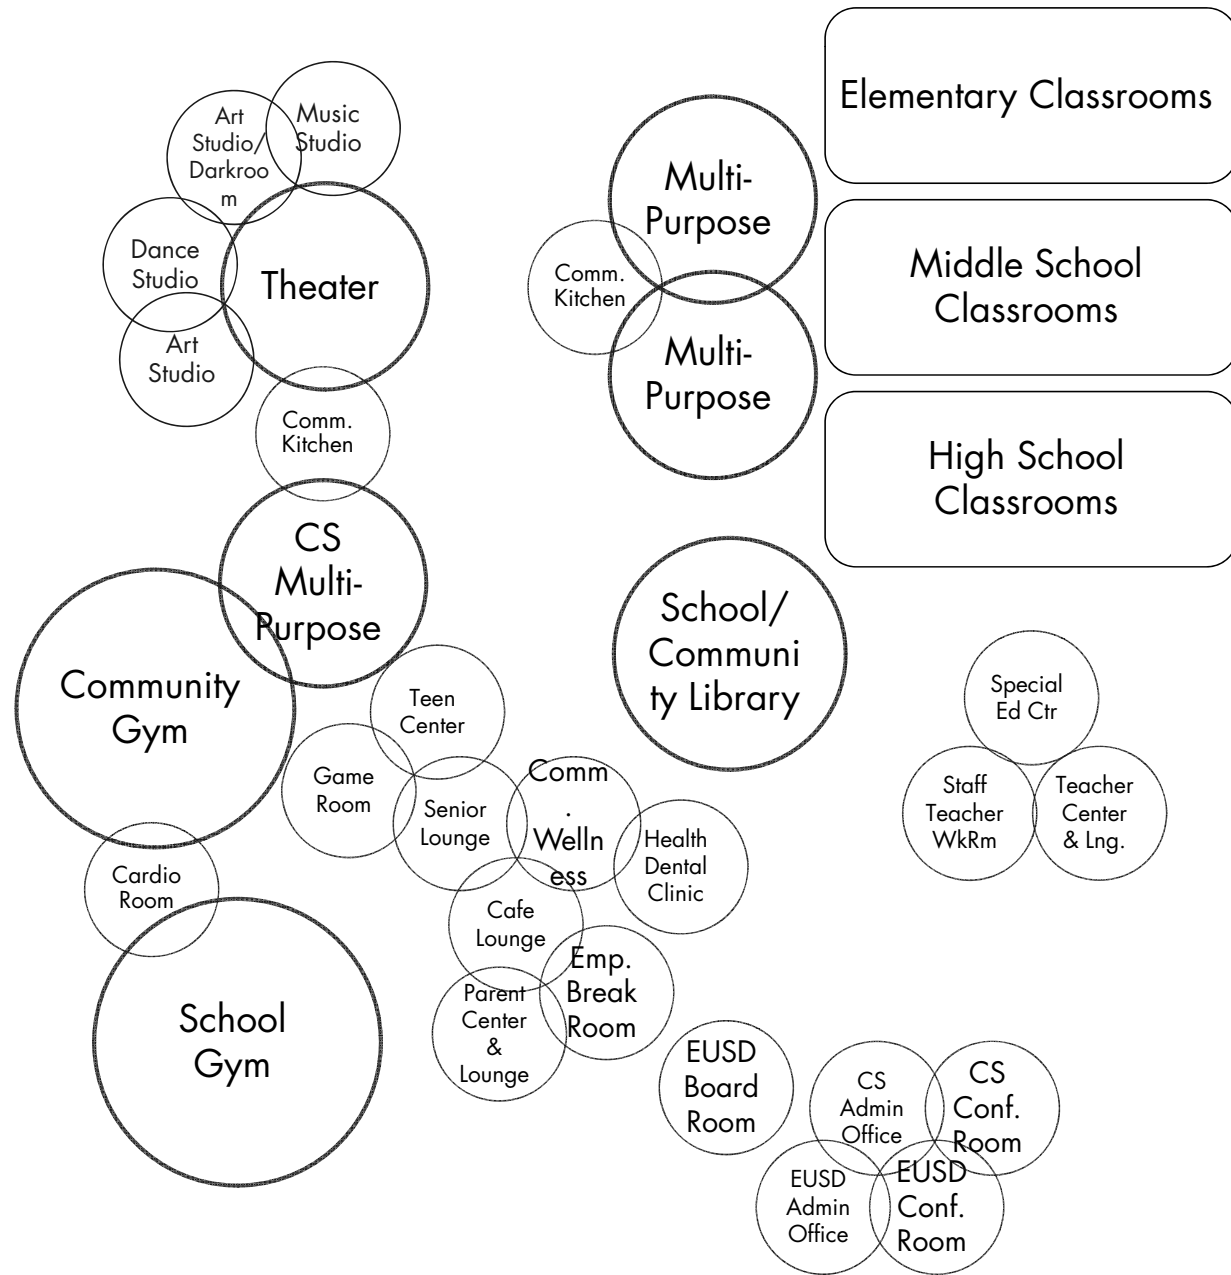

Outcomes

- Established target student capacity
- Agreement on key spatial adjacencies
- Well utilized while school in session
- Reintroduction of teaching theater to space program without increasing total square feet

Target Capacity

- Target student capacity : Approx 1,100 Students
 - Average 85 students per grade
 - Variability by grade level (80-90 students per grade)

Key Spatial Adjacencies

Utilization: Schedule Modeling Rooms

Daily Schedule

July 2011 ~ 150,000 SF
57% Utilization

Office Area Cluster

Spaces

- District
 - Administrative Offices
 - Conference Room
- Community Services
 - Administrative Offices
 - Conference Room
- Employee Break Room

Usage

- Dedicated staff space

Community/Wellness Cluster

Spaces

- Café/Lounge
- Game Room
- Senior Lounge
- Teen Activity Center
- Commercial Kitchen
- Community Wellness
- Health/Dental Clinic

Usage

- Serves broad range of constituents
- Specific usages and functions vary by time of day, program offerings

Physical Activity Cluster

Spaces

- School Gym
- Community Gym
- Dance Studio
- Cardio Room
- Community Multipurpose Room
- School Multipurpose Spaces

Usage

- Physical activity space available to community throughout school day
- Dedicated space for students during school hours

Study/Arts Activity Cluster

K-8 Classroom Cluster

Spaces

- K-5 dedicated classrooms
- K-5 Discovery Center
- 6-8 English/Social Studies classrooms
- 6-8 Math/Science classrooms

Usage

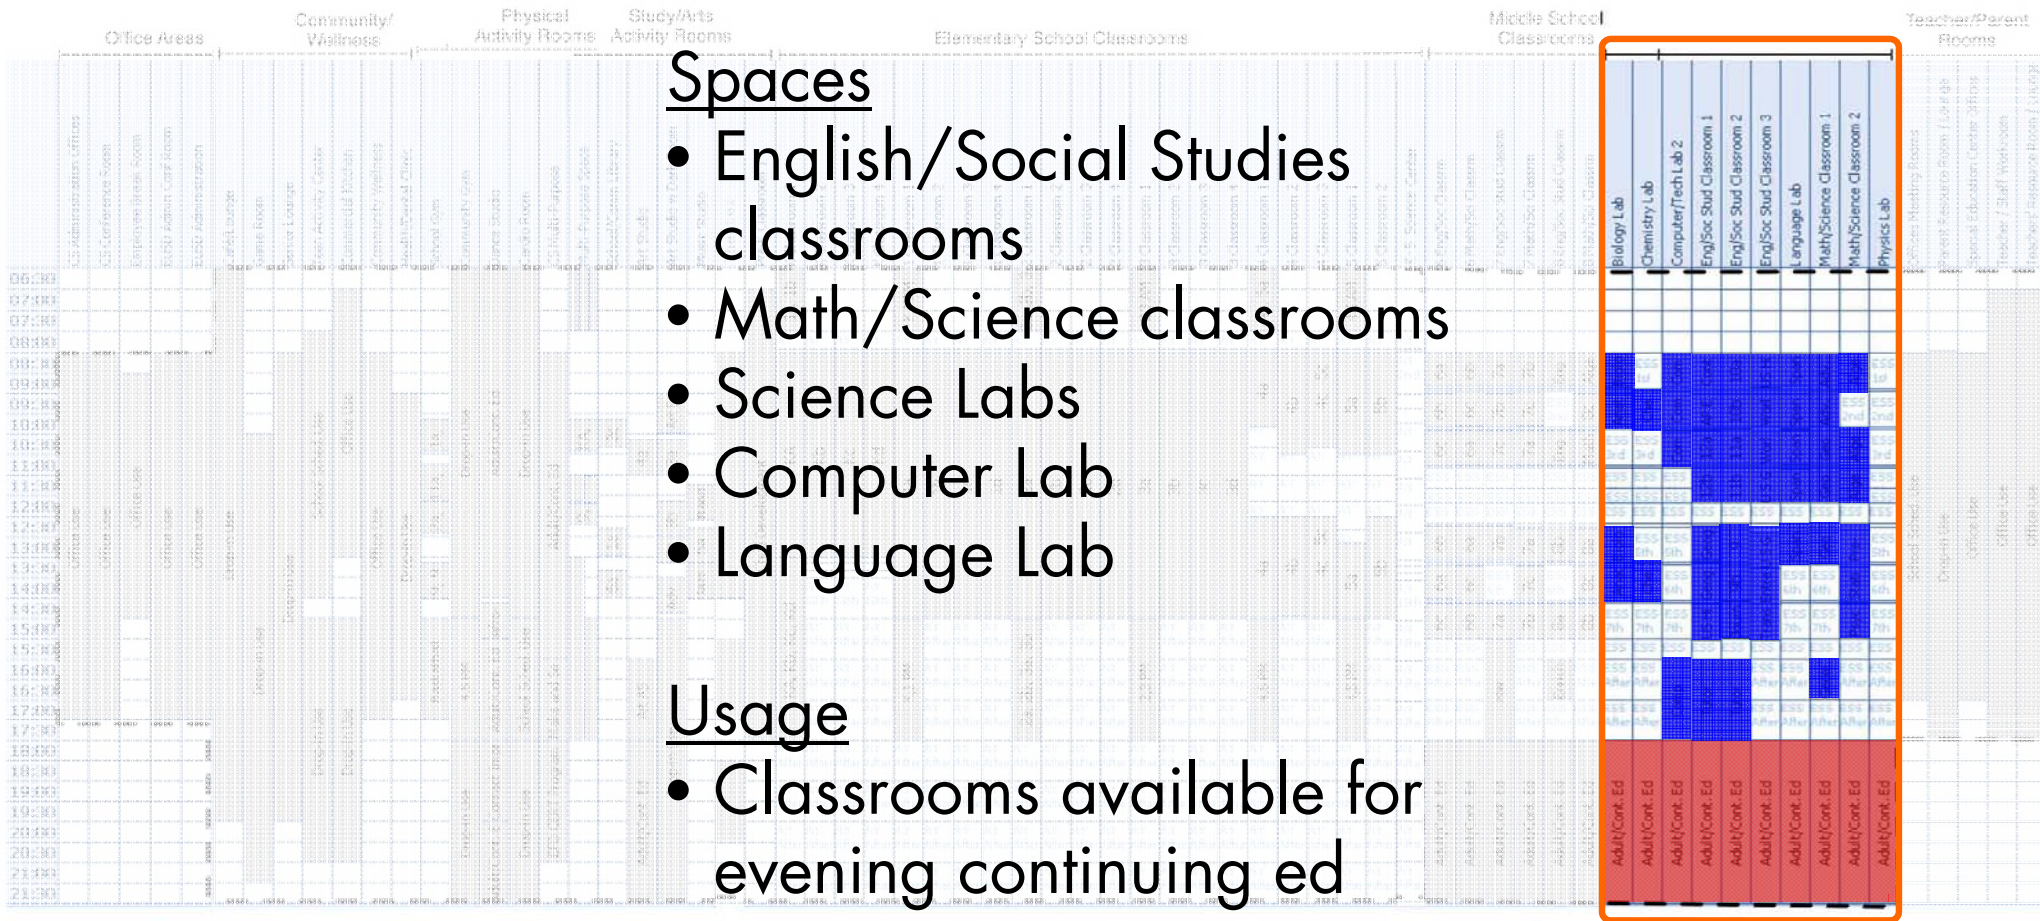

- K-5 before/after school programs
- 6-8 available for evening continuing ed
